

Summer 2015 Reading List

Sacred Heart Catholic School

Entering 2nd grade

* These are just a few children's authors to help find children's books.

.....

Recognizing that reading is an essential life skill, Sacred Heart's English Department requires all students to read during the summer. Students must complete the reading assignment by the first day of classes. We expect your child to read, at a minimum, 5 books this summer. If your child fills his/her "box" with all 5 books and wants to read more books, he/she may write them on the back of the "box" page.
